The 2016 International Computer Science and Engineering Conference (ICSEC2016) is the twentieth year premier international conference, this year's theme is "*Smart Ubiquitous Computing and Knowledge.*" ICSEC2016 is hosted by Maejo University, Thailand. This conference not only brings both academicians and practitioners in the field of Computer Science and Engineering from around the world to disseminate the results of their research, but also provides a platform to build a network of researchers in both computational and applied science. The event will be held for three days with well-recognized keynote speakers, advanced workshops and high-quality research presentations delivered by researchers and experts from the international communities. Authors should submit papers reporting original work that are currently not under review or published elsewhere in the areas of Computer Science and Engineering and emerging technologies in the related fields. ICSEC2016 includes, but are not limited to, the following topics:

- | | |
|--|--------------------------------|
| Information Retrieval | Internet of Things |
| Knowledge and Data Management | Computer Vision |
| Multimedia and Computer Graphics | Ontology and Semantic Web |
| Pervasive and Mobile Computing | Software Engineering |
| Information Technology | Algorithmic Bioinformatics |
| Cluster and Grid Computing | Computer and Internet Security |
| Computer Networks and Communications | Embedded Systems |
| Machine Learning and Intelligent Systems | Geoinformatics |

Paper Submission

Submissions must not exceed six (6) pages in the standard IEEE Conference Proceeding format and all submissions must be in PDF format. Manuscript templates are made available on the website (<http://www.icsec2016.mju.ac.th>). Only electronic submissions in PDF format will be accepted via Confserve submission system (the link will be available soon). All submissions will be subjected to a double-blind review procedure. At least one of the authors is expected to register and present the paper at the conference upon acceptance.

Accepted papers will be published in the ICSEC2016 Proceedings. The non-presented papers will be withdrawn from the conference proceedings. For international track, conference content will be submitted for inclusion into *IEEEExplore Digital Library*. In addition, the authors of the high quality papers in international track will be invited to extend their works for the submission to the regular issues of "*Maejo International Journal of Science and Technology (MIJST)*" (ISI Impact Factor 0.367). Moreover, the selected papers in Thai Track will be invited for extending works for submitting to the special issues of *FEU Academic Review (TC11)*.
